

# Microwave Oven 1800W S/S

## Model: DEC18E2 • Article no: 9S1008

## Power supply: 230V 1Ph ~50Hz

This powerful microwave oven is designed for use in the most demanding foodservice locations. The compact, rugged construction with a few moving parts; the door with solid die-cast handle and transparent window, recessed and sealed single board controls means durability and reliability, long life use.
The unique method of energy distribution with rotating antenna provides superior even-heating.
The casing and oven interior with lighting made in stainless steel with smooth surfaces mean facilitated cleaning.
The microwave ovens offer a programmable selection of up to 100 of your most popular menu items.
Buttons can be preset by power level and time for fast, consistent operation. An X2 multiple button simplifies operation and training and improves product consistency when preparing more than one order at a time.
The ovens with 11 power level possibilities – from full power to hold – provide maximum flexibility for heating a wide variety of food items from frozen to fresh.
Standard supply includes a 1.7 m electrical earthed cord.

## MAIN FEATURES

- Stainless Steel Construction
- Uniform Heating
- Digital Display With Timer
- Touch Control
- 11 Power Levels
- See-Through Window
- Interior Light
- Stackable Models
- Removable Filter
- Easy To Clean
